

SSN COLLEGE OF ENGINEERING, KALAVAKKAM
DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING
Internet Programming Lab – CS6512
Programming Assignment 11 – Online Exam Web Application using Servlet Programming

Write programs in Java to create three-tier applications using servlets for conducting on-line examination for displaying student score. Assume that student information is available in a database which has been stored in a database server.

Create the Student and Question schema in the mysql server as follows to store the information about the students and Questions with choices:

Id	StudentName	Email	Score
----	-------------	-------	-------

Id	Question	Choice_A	Choice_B	Choice_C	Choice_D	Answer
----	----------	----------	----------	----------	----------	--------
